OUR CAMPUS IN A NEW LOOK

Editor's Pen

The maiden issue of 'The Front Foot' achieved phenomenal success, drawing great appreciation of the readers for its innovativeness. This, in fact, provides impetus to go for the second issue of the

bulletin with greater vigour. The reportage now proves to be more challenging than before as the events which have a bearing on the activities on the campus of the college, have risen considerably.

The Current issue of 'The Front Foot' basically adheres to the format of the previous one with some changes. Every attempt has been made to present the happenings on the campus of the college with verbal brevity and visual elegance. We firmly believe that the second issue will be received equally well by the readers. Their responses and suggestions will be gratefully acknowledged.
