Good

Good

Agree

Nothing

Best

Agree

All are good

No

Good Excellent Outstanding

We want to a better curriculum

Good ☐

1. Board of Studies for PG Syllabuses are should be conducted every Year to review the existing syllabus and to make necessary changes.

More digital resources,should increase employability,more informative

Syllabus should be changed according to the latest trend. Practical knowledge should be included. Library books should be adequate as per the syllabus.

Unavailability of resources as per curriculum

Latest Resources should be readily available Need more precise syllabus & curriculum

Needed more faculty

1. Need Reference books in the library of Self-financing department. 2. Need of appropriate place to store department records and students' project work for the future references. 3. Lack of cleaning of the classroom.

Better classroom Give opportunity for more and more seminars Best and better campus recruitment

Curriculum or syllabus is like the cover paper of a book.so it must be needed. Library can be more developed Syllabus or curriculum is needed for xm and preparation of other exams nt needed for employ ability

This is really interesting

Need of the study materials.

The teachers are doing good and help us a lot.

1. course curriculum is very good. 2. Pattern of questions in the exam satisfactory. 3. appropriate for degree students.

Add the UGC net syllabus in curriculum.

Evaluation system should more clarity

It was really awesome

Current syllabus is enough.

Books in the library

Proper study materials shall be provided More faculties are needed And proper notes

I'm satisfied with all the college system

Digital material should be available for students & every week there should be an discussion regarding social issues & career counseling. The teachers are well experienced but apart from classes we do not get other leisure time to discuss about the topics & curriculum activities.

Books available for students Syllabus content were appropriate Courses with experiential learning

Classes aren't sufficient for the completion of syllabus.... And chapters are being finished quickly

Suggestions

Very best

Syllabus is the best material for the students & if the improvement in syllabus then the students better & better achievement in his/her study.

Ok and suitable and required

5

No comment

We had no sufficient time to clear our doubts . 2ndly the syllabus didn't fully cover thoroughly. But if above two necessities will be covered in future then it will be best

1-Need sufficient books in library. 2-should provide sufficient reading materials. 3-build a personal library for pg students..

Curriculum is vast concept but Syllabus is a part of curriculum. Yes it's true that syllabus is necessary for students but only in academic field. But it's not appropriately true that according to syllabus we can't find a student's ability and her/his employment...so in my point of view that for a student curriculum is most important but only in academic field ....

Easy kijiye syllabus ko

Good syllabus

We should focus more on practicals.

The Courses are needed to be enhanced and the resources should need to be available to make the students to grasp and acknowledge the concept and glossary. The knowledge and teaching methods also needed to be improved .

As per syllabus we need clear and descriptive teaching process for our better understanding. We also want to have only short notes from lecturers on each unit. Thank you

Nothing

Improve facilities

Feedback

I think syllabus content were created based on the students ability.

Syllabus is basic fundamentals.

COULD BE BETTER

Don't be money minded ☐

1. Academic teaching should be strict 2. More group activities and assignment should given for keeping students busy with your institution 3. Other clubs should also introduce for betterment

1. There should be more development required in the curriculum. 2. There is need of more infrastructure development in the college campus. 3. There is need of bring reform in college administration.

Courses is more according to the time

Adorable

Curriculum is most important for a subject learner

Like

Our and teachers are very well.

Good institutions

10/10

Teaching material is good and the syllabus is very useful for study

Teaching should provide through activity method

Don't change the syllabus please

It is the best way in our life.

Curriculum and syllabus are need besed for students

It's not enough for student. Where student have very wrong thinking toward the college

Very very well college

Very good

Feedback

Appropriate syllabus, Suitable exam pattern, To understand the situation the students...

It's all about good ...

Right

More need of extra learning.

4

There is nothing to suggest

Advance library and sufficient teacher

The protocols of our library need to upgrade and new books should be kept in the library.

Every student should have an extracurricular activities so that this will helpful for him/her in their respective fields..

Syllabus content should be elaborate.

Best □□

Improvement curriculum

I need sufficient books in the library.

Syllabus is useful for all students

Good Excellent Outstanding

Very Well

Great

Syllabus should be more practical than theoretical...

Loring material is good silabass youfull for tiching

Our college is best of all time.

Nothing

2

Can be better

1. Library should have a check on restocking the books & also add previous years education honours honours questions papers 2. If lecturers are unable to take the class for some inevitable reason then the stream HOD should select one good student of his/her class to take a class just to revise the chapters. 3. There should be change in Question patterns every year ( According to the honours) 4. College GYM should be opened. 5. College should repair the boy's common room bathroom. 6. College should have a strick security in both the gates, many outsiders are coming to college for indecent reasons. 7. There should be seminars taken by some selected students (+3) on every month end on various topics for +2 students. Thank you.

Good teaching

We want a well defined syllabus which helps to gain knowledge of students
