INTERNATIONAL E- CONFERENCE

ON

"PLASTIC POLLUTION AND NANO-TECHNOLOGY"

Ogranised by

**DEPARTMENT OF CHEMISTRY
PRANANATH COLLEGE(AUTONOMOUS)
KHORDHA, ODISHA**

Accredited with NAAC Grade "A"

www.pnautonomouscollege.in

About the College

The college owes its origin to the devoted and tenacious efforts of the great soul Late Pran Nath Patnaik. The idea of having a college at Khordha, cherished in the minds of the local intelligentsia since 1955, could become a reality only on January 28, 1959, on account of the relentless struggle of **Late Pran Nath Patnaik** and his zealous associates.

Stepping into the forty-eighth year the College has been granted the autonomous status by U.G.C. w.e.f June 2006. In the same year The NAAC has also accredited the college at 'A' level. The college has also been adjudged as a "College with Potential for Excellence" by U.G.C, w.e.f. 24th August 2011. The college has completed 50 years of its existence has celebrated its '**Golden Jubilee**' on 27th Nov 2010. Further we are adding one more feather in our cap in the year 2019 that is for the second time we have been accredited 'A' level by the **NAAC**. The college has completed 60 years of its existence and has celebrated its '**Diamond Jubilee**' on 27th Nov 2020. We are hopeful of a bright future in its way to the pinnacle of glory as envisioned by its legendary founder.

Objectives of the Conference

The main aim of this conference is to bring together leading academic scientists, researchers, research scholars, academicians to exchange and share their experiences and research results in all aspects of Sustainable Development of **PLASTIC POLLUTION OF OCEANS AND NANO-TECHNOLOGY**.

Who Can Participate

The conference provides unique opportunity of learning from distinguished personalities who have already gained recognition in national and international level in related fields. Academicians, scientist, Students, Researchers and persons from industries and laboratories who are working are welcome to participate in this conference.
