

Codeyoung

Who we are & what we do

OUR GLOBAL IDEA

Codeyoung is a platform where kids can let their imaginations run wild. Students are taught to be creative, innovative and use coding in the most unusual way possible.

*We want to demistify coding
and technology for kids*

MISSION

Our mission is to provide effective and simplified education to empower our students to be the **creators** of tomorrow.

VISION

Our vision is to enhance the creativity, curiosity and confidence of every child in the world so they become confident individuals who can **change the world** in the future.

Highlights

01

Global presence in over 15+ countries
with 20,000+ Students

02

150 times growth since Jan 2020

03

Customers Net Promoter Score > 70
(World class).

Company Values

A. O. L.
Audacity
Ownership
Leadership

Milestones and Goals

We target to achieve
over 2X growth in
revenue, year on year

In the next 5 years, we target
to be the number one brand
in making the kids to be
creators, innovators and
problem solvers

We target to achieve
human resources count of
500+ by end of 2023

Career Development Opportunities

At Codeyoung, truly, sky is **not** the limit for growth

- > Performance appraisal is done for every 3 months
- > Salary hikes and promotions are done for every 3 months based on your performance
- > One can scale up to the position of a sales manager from a sales executive in nothing more than 10 months

Company Culture

Friendly :

We are a team of warm and approachable people. We engage with one another in a positive way throughout the workday.

Nurturing :

We are committed and invested in employees' growth and development.

Challenging :

we encourage our employees to explore the full potential of their skill sets, and that they're likely to grow through the job experience.

Motivating :

We keep inspiring our employees to work hard and enjoy their work

Autonomous :

We trust our employees to have ownership over their work and that they have the individual power to improve results

Collaborative :

We drive high level of collaboration so that employees and teams will work well together cross-functionally to accomplish their goals.

Engaging :

We always strive to keep our employees engaged to make them feel invested in their work because it speaks to their interests.
